TOLL INTERNATIONAL & FORMVERSE LAUNCH PARTNERSHIP TO DELIVER POWERFUL NO-CODE APPLICATION DEVELOPMENT & WORKFLOW AUTOMATION TO GOVERNMENT

September 12, 2018

Calgary, Alberta, Canada, Pleasanton CA, USA & New York NY, USA – Today, FORMVERSE, Inc. and Toll International LLC announced an agreement that will enable Toll to distribute FORMVERSE’s patented no-code General Automation Platform (GAP). Toll International will also provide Implementation, Project Management, and Application Development Services related to the FORMVERSE system.

Toll International is a privately held MWBE company based in New York that is focused on providing innovative products and consulting services to government clients and not-for-profit agencies across the Northeastern United States. FORMVERSE provides its flagship software to many of the world’s largest corporations and government agencies.

“It was an easy decision to partner with FORMVERSE! Their no-code General Automation Platform is a great fit and much needed solution for our customers,” said Nure Aiza, President of Toll International. *“FORMVERSE leverages the universal nature of email to enable our customers to automate a broad range of business processes without the need to introduce new software applications. This is truly a powerful and unique approach.”* *“Combine that capability with the ability to fully-integrate data into and out of our customer’s other enterprise applications and we feel that it’s something that can help every one of our clients.”*

Combining FORMVERSE’s software platform with Toll International’s Project Management and Consulting Services is a win-win for clients. As a FORMVERSE Certified Partner, Toll can now provide solutions that help their clients increase productivity, efficiency and accuracy in a fraction of the time and cost associated with legacy workflow solutions.

“We are excited to launch this partnership with Toll International. All government agencies need the kind of sophisticated functionality that FORMVERSE provides, and we need experienced partners like Toll International to help those agencies get the most of our their FORMVERSE implementations. Toll will provide the expertise that customers need to create unique and powerful solutions.” said Drake Deininger, Executive Vice President of FORMVERSE in Pleasanton, CA.
